How I Shoot Weddings

My style of photography is candid with a lifestyle approach. Of course, we can create smiley/posing pictures but I aim to document “life as we know it”.

THAT’S WHAT I DO!

When you book me as your photographer, you do not gain just a photographer, you gain a new friend! Why? Because, we work together to collaborate and achieve the look that you fancy and after our time together, you will think... “that was fun!”.

As you browse over my portfolio, you will see that my sessions are unique to each other and truly define the client. If you ask my clients, they will tell you that I am super easy to work with and they feel 100% comfortable in front of me + my camera. I prefer not to think of my job as work, but rather a way to meet interesting people, who have different ideas and backgrounds... that they are willing to share with me.

I LOVE THAT!
